I've been designing experiences and brands at scale for 6 years. I recently built the first Growth Design team at MailerLite, and oversaw the brand identity and UX direction for Pacific Outdoor Living and their MVP contracting software, AIMM.

I moonlight as a professional inline skater, writer, and gardener. I have been a devout student of Zen Buddhism since 2018 and I continue to practice in my local community.

I am Google UX Certified, have taken multiple iDXF certs, and am currently enrolled in the Growth Design School, a cohort started by some of the best minds in PLG design .
